Dear Sir;

I have an Uncle that died along in the forties by the name of Isaac Cuthbert Collier that was burried in Rose Hill Cemetery at Macon, Ga. and I would like to know if you have a record of this grave or if the grave is marked in any way. At the time he died he was working for his Uncle who operated a cotton warehouse by the name of Isaac Hardeman. He was a young man about 21 years old and I have often thought I would write you regarding this grave if it was possible for you to locate same.

Very respectfully,

J.C.Collier.

In reply to the above, I find from the records of my office that Isaac C.Collier, son of Robt.Collier from Upson County,was buried May 8th.1840 in lot # 39 Block # 1 Rose Hill Cemetery. This lot is in the name of Thomas Hardeman,and is near the entrance.
His age is given as 18 and the cause of his death is given as inflammation of the bowels.
There are 4 or 5 graves on the lot not marked. I am not able to tell you which is his grave,But may be Mrs.W.T.Anderson can.

Your truly.
